Don't hesitate to get in touch with our team - we will be happy to help you create the best cover for you.

Add discount options

01 Add a deductible to your Hospital & Surgery module

If you have a local insurance plan but need a top up, you might want to consider taking an annual deductible.

A deductible is the amount you are responsible for before the insurance plan starts to pay for medical expenses. For instance, if your deductible is THB 16,375, you must pay that amount out of your own pocket before we begin paying your medical expenses. The annual deductible is per person per year and only applies to your hospital and surgery plan.

CHOOSE FROM 6 LEVELS OF DEDUCTIBLES

02 Specified Providers Only for Hospital & Surgery care

To further reduce your annual premium, add the option **Specified Providers Only** to your Hospital & Surgery module. By choosing this option, you will be fully covered in our selection of hospitals.

03 Add a co-insurance on your Outpatient module

You can also choose to apply a 20% co-insurance to your Outpatient module to reduce your annual premium. The co-insurance is applied to your Outpatient expenses only. Here is how it is calculated:

Item	Amount	YOU PAY 20%	WE PAY 80%
TOTAL:	THB 5,000	THB 1,000	THB 4,000
Consultation	THB 4,000	THB 800	THB 3,200
Medicines & Drugs	THB 1,000	THB 200	THB 800

Note: This co-insurance will be waived if you visit a medical provider from our Panel Network, which is composed of selected clinics from the APRIL network in Thailand. To be fully covered and enjoy direct billing services, make sure you show your APRIL member card at the reception of the clinic.

We make insurance more affordable for your family

Whether you are a couple, a family with kids or an extended family, you can benefit from our discounts starting two insured persons.

- › Family is defined as policyholder's spouse, partner, parent, brother, sister, child or grandchild.
- › The discount is based on the number of persons insured at the start of the policy.
- › Family members can have different plans, but they must all have the same policy start and end date.

2 PERSONS		5% DISCOUNT
3 PERSONS		7.5% DISCOUNT
4 PERSONS		10% DISCOUNT
5 PERSONS OR MORE		15% DISCOUNT

How to calculate your premium

Your base premiums are determined by the following factors:

- The modules you select, your area of cover and your discounting options, if any
- Your actual age when the policy begins

Underwriting Process

Underwriting is the process of assessing risk in order to offer insurance and set the premium you pay. Medical insurance underwriting considers your medical history and whether pre-existing conditions will be covered or excluded.

- Health insurance is all about covering the unexpected costs of healthcare. If you have been sick or treated in the past this changes your risk profile and we have two ways of underwriting to address this.

01

Full Medical Underwriting

We ask you detailed questions about your medical history when you apply

- › Complete the Full Medical Underwriting Application Form.
- › You must be 65 years or below to apply.
- › **For applicants aged 55 and above, please submit a medical checkup report conducted within the past 6 months.**

You will receive an offer from us or we may request additional information. Please provide the additional information quickly as this can delay your cover. Coverage can start as soon as you accept our offer

02

CPME (Continuous Personal Medical Exclusions)

Continue your cover under the same terms as your previous insurer.

- › Complete the CPME Application Form.
- › Send us your original terms and existing Benefits Schedule.
- › You must be 65 years or below to apply.

We will review your application and let you know whether it has been accepted or not.

Application Process

I just sent my application:

01

We will review your application and let you know whether it has been accepted or not.

02

If it has been accepted, we will send you an underwriting offer. Your cover will start immediately after the payment of your premium.

03

You will receive your member pack that contains your policy terms and conditions and benefits schedule.

04

You will be able to access your electronic insurance card on your Easy Claim app.

Remember, you have a Free Look Period of 30 days from the date you receive the policy.

Payment Options

We offer the following payment options:

Annually
in THB

CHEQUE

**BANK
TRANSFER**

**CREDIT
CARD**

All our members are different and our plans have been designed to offer adapted solutions for each of them. And you can always trust our advisors to work with you to design a cover around what matters most – your health.

Frequently asked questions

Who can apply for insurance?

Anyone residing in a country acceptable to us at the time of application and not older than 65 years for fully underwritten and CPME policies.

Is there a maximum renewable age?

No.

Can you tell me more about the application method?

We offer Full Medical Underwriting and CPME Underwriting. Full Medical Underwriting requires you to complete a medical questionnaire for each person to be insured. Full disclosure of your medical history must be provided. The answers you give will form the basis of any insurance policy issued. Declared conditions may be accepted as standard, excluded and/or covered with a premium loading. An offer will be made based on the declarations provided in the form. In some cases, we may have to decline the application.

Any pre-existing conditions not declared during the underwriting process can jeopardise your coverage. Subsequent to the policy being issued, if a non-disclosure is discovered, the insurer may impose an exclusion or in more serious cases, void policy in its entirety from the start. If you are uncertain about whether any particular fact needs to be disclosed, you should disclose it.

Finally, the CPME application process allows you to continue your cover under the same terms as your previous insurer without further medical underwriting. You must complete the CPME application form and provide us your original terms and existing Benefits Schedule. We will review your application and assess whether you are eligible for a transfer to MyHEALTH. To be eligible, your previous insurer must be part of our approved list.

What is a pre-existing condition?

A pre-existing condition is an illness or a health condition that is known at the time you submit your application. It can be related to a hospitalisation that occurred in the past or an illness that is congenital (i.e. what you are born with). Furthermore, it can be linked to a major condition that you have suffered in the past or currently suffering. This includes conditions such as asthma, high blood pressure, heart diseases, mental illness...

Can family members have different plans under the same policy?

Certainly!

My spouse and I have insurance coverage through work but it does not extend to our children. Can I apply for a plan for just my children?

Yes, but we will name you, the parent, as the policyholder.

When can coverage begin?

Coverage can begin as soon as you accept our underwriting offer.

If I move or return to my home country, can I take my plan with me?

Provided there are no regulatory restrictions in the country that you move to, we will continue to offer renewals. The premiums however may change depending on the country you move to.

Am I allowed to make changes to my plan?

Yes, you can make changes to your plan at renewal. Just let us know in writing as soon as you receive your renewal offer. Changes to your coverage will likely result in a change in premium and any upgrades in coverage will be subject to underwriting.

Can I choose my own medical provider/doctor?

Yes, you have the freedom to choose your own provider if you have a nil co-insurance outpatient plan. We offer an extensive Outpatient Direct Billing Network for your convenience. By using the network, you will enjoy cashless service at numerous high quality providers across Asia.

If you have an outpatient plan with a co-insurance, the co-insurance will be waived if you use our Hong Kong panel network. If you choose a doctor outside of the panel network, the co-insurance will apply.

For inpatient treatment, if you have selected the option "Specified Inpatient Providers", you will be fully covered within a selection of providers only.

Will I be penalised if I make a big claim?

Never! Our plans are community rated which means no matter how large your claims may be during any policy year, you will always have the opportunity to renew your policy at prevailing rates. You will not be rated individually.

● How are my premiums determined at renewal?

On an annual basis, we may adjust premiums to ensure the plan keeps up with medical costs. Your renewal premium is affected by the annual adjustments that we make and we will inform you at renewal what was the base increase applied.

In addition to the annual adjustment that we make, the following factors contribute to the overall determination of your renewal premiums.

- The published rates in effect at the time of your renewal for your plan selection and your age on the first day of your renewed policy;
- Any underwriting premium loadings that you accepted at the start of the policy;
- Family discounts based on the headcount at renewal (if applicable);
- Any changes that you make to your plan at renewal; and
- Any increase in age band

● How do I renew my policy?

A few weeks prior to your policy expiring, you will receive a renewal notice. If you decide to renew, we must receive your premium and renewal confirmation on or before the start date of your renewed policy. Otherwise, it will be deemed that you have not decided to renew your policy with us.

● There are certain circumstances that the policy will not cover, which are stated as exclusions. Here is an extract of some of the exclusions but you are advised to read the full list in the policy terms and conditions.

- Services which are not medically necessary;
- Services which are not reasonable and customary;
- Experimental or unproven treatment;
- Non-prescription drugs, vitamins, nutritional supplements;
- Services by a psychologist or counsellor;
- House calls or any service rendered at a person's home, office, hotel room, or similar place;
- Treatment which is covered by other insurance;
- Emergency dental treatment related directly or indirectly to biting, chewing or teeth grinding;
- Complications of pregnancy following assisted conception;
- Elective caesarian section prior to the 38th week of term;
- Treatment related to assisted conception, contraception, sterilisation, fertility or infertility, testosterone deficiency and sexual dysfunction;
- Sexually transmitted diseases
- Cosmetic treatment or gender reassignment surgery or therapy;
- Sleep disorders or behavioural or developmental disorders.

● What does reasonable and customary mean?

In relation to a charge, "reasonable and customary" shall mean an amount comparable to that charged by others of similar professional standing in the same locality, for the same class of hospital room, for a person of similar sex and age, for a similar disability, without regard to ability to pay or the availability or adequacy of insurance. Where an insured person stays in a hospital room above the hospital room and board level shown on the benefits schedule, reasonable and customary charges will be limited to comparable charges for the highest class of room for which the insured person is covered.

We may adjust any and all benefits payable in relation to any charges which is not a usual, reasonable and customary.
