

April My Health Thailand Medical Check-Up requirements

Starting June 1st, 2023, **any new applicants aged 60 or above** will be required to provide a medical check-up report completed within the last 6 months or complete an assigned check-up.

Please note that no reimbursement for the check-up can be made, unless:

1. the member has purchased an Extensive or Elite Inpatient module or Outpatient benefits (Essential module or above).
2. the application has been accepted. No reimbursement will be made if the application is declined by APRIL, or the underwriting offer is declined by the applicant.

Blood Pressure	Urinalysis
Complete Blood Count	Stool Examination
Lipid Profile	Chest x-ray
Liver Function Test	ECG/ EKG
Renal Function Test	Ultrasound Whole Abdomen
Thyroid Function Test	PSA Test (Male Only)
Fasting Blood Glucose	Breast Ultrasound & Mammogram (Female Only)
Uric Acid	Pap Smear (Female Only)

Medical underwriting will be based on the received medical report, and April reserves the right to apply underwriting terms.
